

Your Elastic Classroom

Our Vodafone
for Teaching
and Exams offering

Ready?

Teaching and exams in the new normal

1,184,126,508 learners have been affected by school closures

54 countries had to postpone or reschedule exams

11 had to cancel exams completely

Education:

Barriers and challenges to digitalisation

Outdated IT lack the **capacity and speed** to keep up with demands

Tight budgets call for **effective procurement**

Cyber security cannot afford to fail

The opportunity for education

Essential requirements:

Flexibility

Speed

Digital access

With the right tools

Safety first

With the right precautions

Keep in touch

With the right connection

Reimagine education with The Elastic Classroom

Look beyond the
physical constraints
of the classroom

Create flexible,
responsive teaching
and learning
environments

Shape a highly flexible
approach to teaching
and learning at speed

Ensure exam centres
are adaptable, inclusive,
safe, and secure

Deliver digital access to
learners and teachers from
all over the world

Introducing Vodafone for Teaching and Exams

Everything you need to rethink education

Bring the Elastic Classroom to life:
