Vodafone Business Integrated

Introducing Vodafone Business Integrated, a mobile plan tailored around the diverse communication needs in a large business.

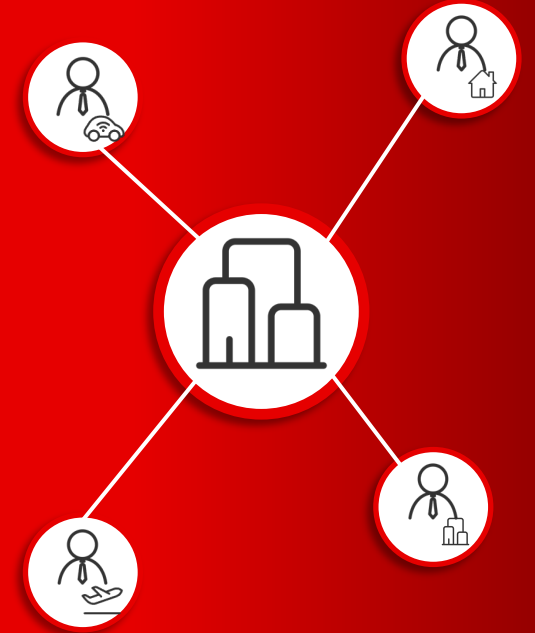

With Vodafone Business Integrated, it's easy to ensure each of your employees has the right mobility package they need to get their job done, however and wherever they work.

Our unique mobile solution comes with the right plans for all the various employees profiles in a large business. From office-based or home based to hybrid or mobile employees and all the way to company executives and global workers. All the mobile benefits you may value are included, to best match each employee need with the right plan.

With unlimited UK minutes and texts, a choice of shared data plans or unlimited data plans, unrivalled inclusive roaming and international calling bundles and cyber security options, we're offering you a value-packed, flexible and easy-to-manage business mobility solution.

Why Vodafone Business Integrated

Smarter data

With Business Integrated you can choose how to use your mobile data:

Cost effective shared data: our Data Sharing plans are more efficient and cost-effective than giving everyone a set data allowance that they may not use, allowing you to pool and share data to suit the way your people work.

OR

Unlimited data: Concerns about running out of data or incurring out of bundle charges can get in the way. Keep things super simple with Unlimited Data plans – no more worries about setting data caps, managing sharer plans or dealing with extra bills.

Removing business borders

For your employees that often do business abroad, we're offering **inclusive roaming and international** bundles for up to 62 destinations with our Pro plans: **EU, USA** plus other top trading destinations such as **Australia, Canada, China, India, Japan, Qatar, Singapore** and much more .

Our Lite plans for employees that travel abroad occasionally or not at all, which include UK-only benefits and worry-free pay per day roaming in over 150 destinations.

Confident and secure connectivity

Business Integrated plans are available with both SIM only and tech fund options. Tech fund can be used when upgrading or renewing your devices with us.

We recognise the importance of **keeping all devices secured**, including mobiles. That's why when you buy Business Integrated plans we'll also include a special price for our mobile security products developed by Lookout and Trend Micro.

Included as standard

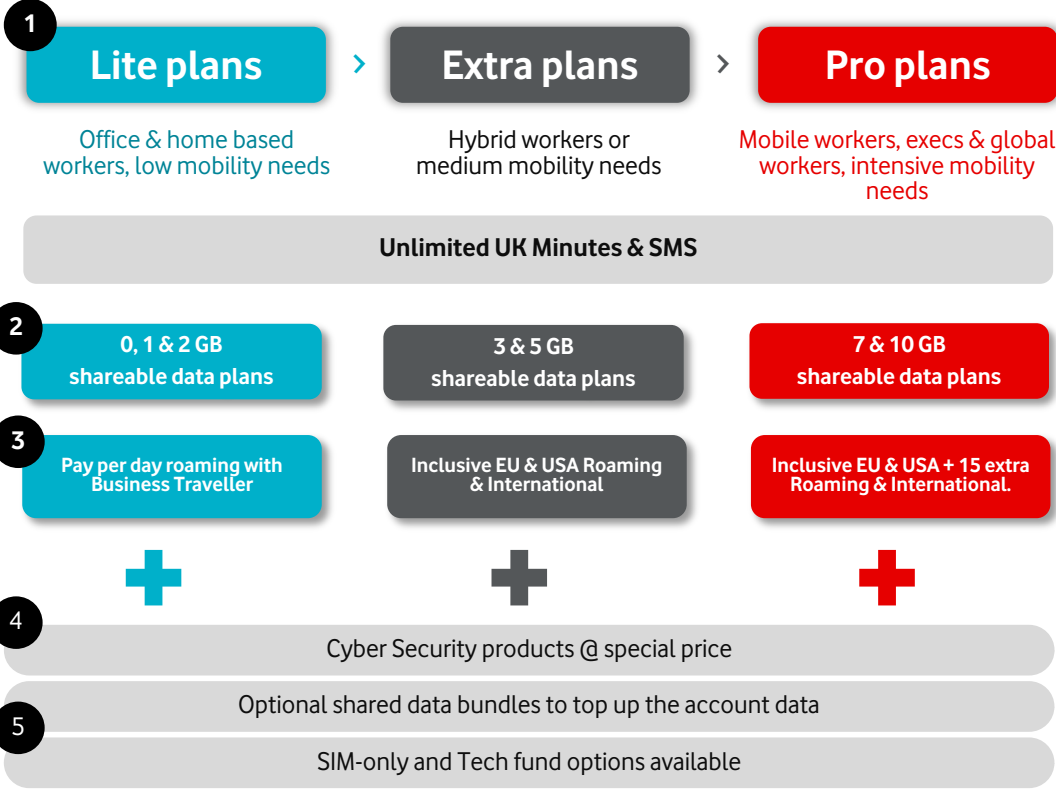

Unlimited UK calls & texts

Wi-Fi calling

Business Integrated | Shared Data Plans

Data only plans are also available

Highlights:

- 1 Flexible:** Choose any combination of Lite, Extra and Pro plans that best suits the business and your employees needs.
- 2 Cost effective shared data:** our data sharing plans are more efficient and cost-effective than giving everyone a set data allowance that they may not use, allowing you to pool and share data to suit the way your people work.
- 3 International mobility:** Top business destinations are included - the EU & USA starting with Extra plans, with even more added in our Pro plans (Australia, Canada, China, India, Japan and much more).
- 4 Cyber Security:** Help secure your mobiles and endpoints with our cyber security products powered by Lookout and Trend Micro, which come at 20% discount for Vodafone Business Integrated customers.
- 5 Devices:** A tech fund option is available, which you can offset when upgrading or renewing your devices with us.

How does Business Integrated Shared data work?

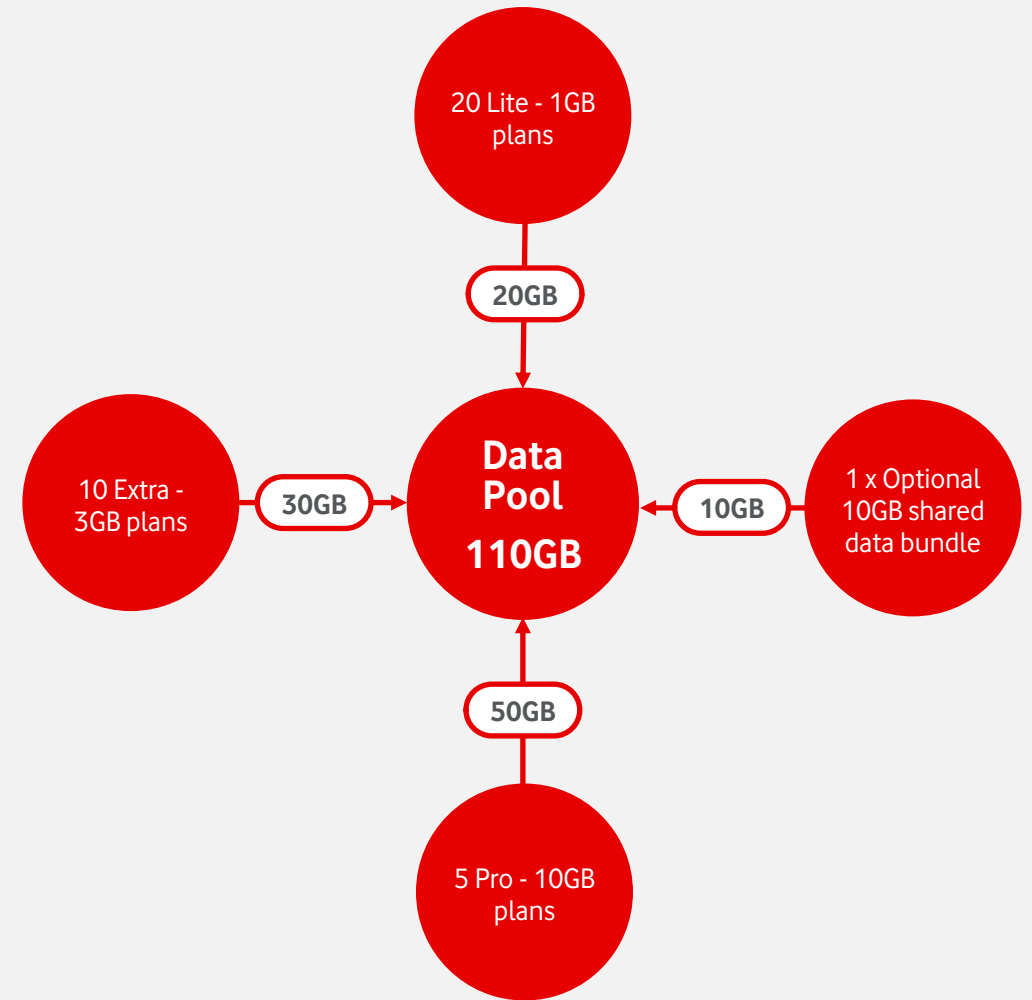

Prevents wastage

How sharing works

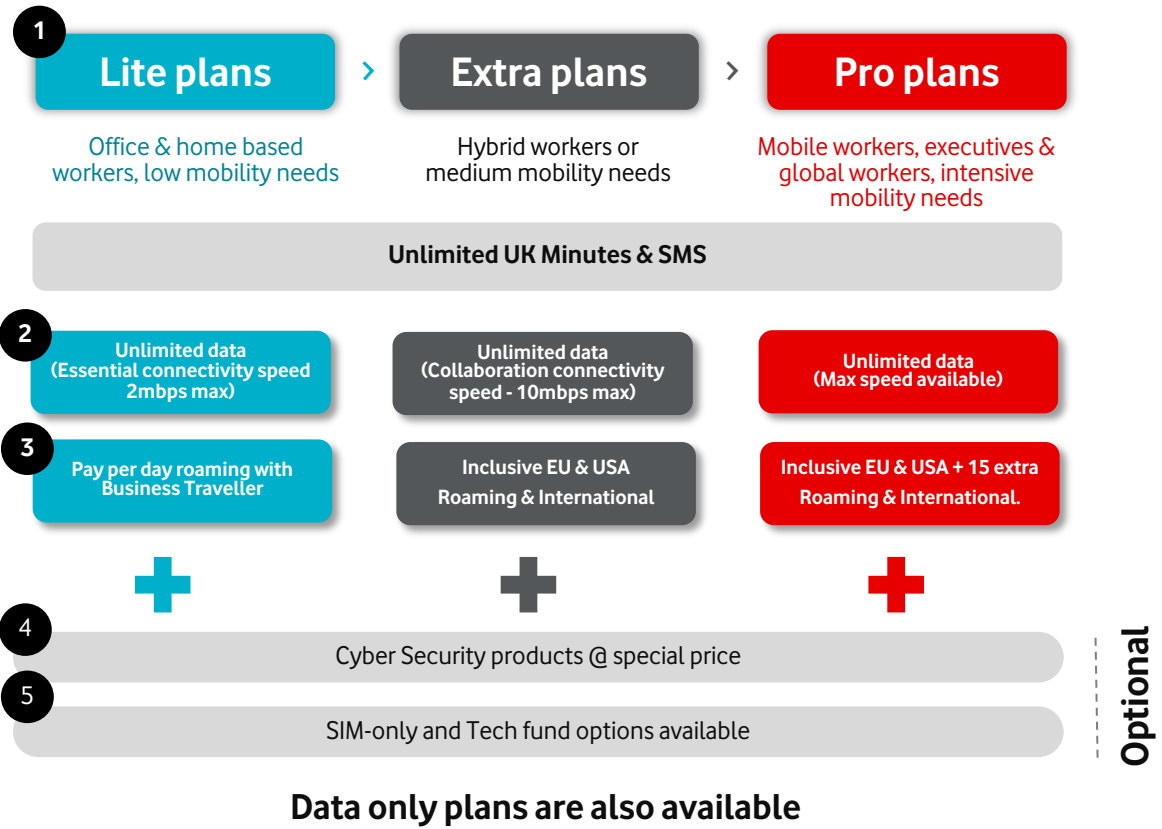

The employee's data allowance is placed in a pool with the data of other employees in the account. This can then be shared among the various members of the account according to the business needs. You also have the option to top-up the pool with additional data.

Additional features

Add threshold notifications and data capping to prevent excessive data usage at user and account level.

Business Integrated Unlimited Data Plans

Highlights:

- 1 Flexible:** Choose any combination of Lite, Extra and Pro plans that best suits the business and your employees needs.
- 2 Unlimited data:** Concerns about running out of data or incurring out of bundle charges can get in the way. Keep things super simple with Unlimited plans – no more worries about setting data caps, managing sharer plans or dealing with extra bills.
- 3 International mobility:** Top business destinations are included: the EU & USA starting with Extra plans, with even more added in our Pro plans (Australia, Canada, China, India, Japan and much more).
- 4 Cyber Security:** Help secure your mobiles and endpoints with our cyber security products powered by Lookout and Trend Micro, which come at 20% discount for Vodafone Business Integrated customers.
- 5 Devices:** A tech fund option is available, which you can offset when upgrading or renewing your devices with us.

Unrivalled roaming & international offer

Vodafone Business Integrated helps remove business borders with worry free roaming in over 150 destinations.

It accounts for intensive global travellers and employees with no travel needs alike.

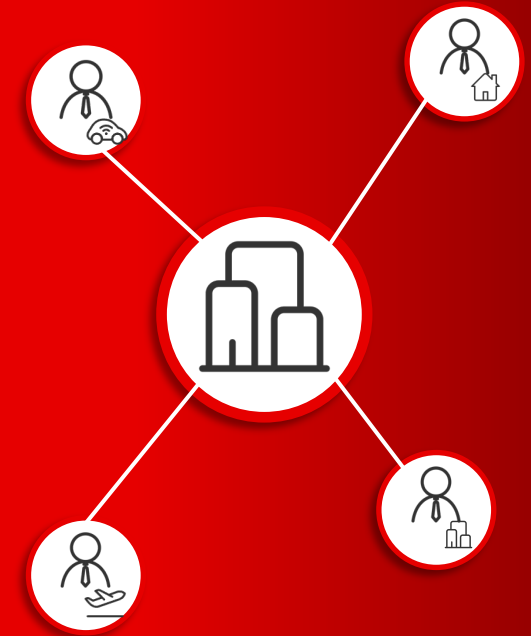

- **Business Integrated Lite** plans are the best choice for employees with occasional or no travel needs. Roaming is free of charge in Isle of Man, Iceland, Norway, Republic of Ireland*.
- **Business Integrated Extra** plans are the best option for employees regularly travelling to the **EU and USA** allowing them to use their UK allowances at no extra cost while abroad in the EU, USA, Norway, Iceland, Channel Isles and Isle of Man*. A bundle for calls & texts from the UK to the same destinations is also included.
- **Business Integrated Pro** plans for global workers which take business even further. On top of the Extra plans destinations, we're adding 15 top business destinations as inclusive. That means they can also use their UK allowances at no extra cost while abroad in: Australia, Brazil, Canada, China, India, Israel, Japan, Mexico, New Zealand, Qatar, Singapore, South Africa, Switzerland, Thailand, Turkey*. A bundle for calls & texts from the UK to the same destinations is also included.
- Whilst abroad in a **Business Traveller** destination not included in your plan, you can use your UK allowance **in over 150 destinations***, in exchange for a small daily fee. Check out more details about [Business Traveller](#).

*A 25GB per user per month Fair Usage Policy is applicable for data used in inclusive and Business Traveller destinations.

How to build and manage your Vodafone Business Integrated account

- 1 Choose the way you want to use data for all your account connections:** Shared Data plans or Unlimited Data plans. The two types of plans cannot be mixed.
- 2 Choose SIM-only or tech fund plans:** Tech fund can be used when ordering new devices from us.
- 3 Choose any combination of Lite, Extra and Pro plans that best suits the business and your employees needs.**
- 4 Add optional services** for international and roaming. Additional bundles or rate discounts are available.
- 5 Help secure your mobiles against cyber threats** with our range of optional cyber security services.
- 6 Control spending** by applying relevant voice, data and text caps through our Enterprise Spend Manager features.
- 7 Manage your account** through our simple to use self-service portal - VCO (Vodafone Corporate Online). Order handsets, manage SIMs, billing, set up users and much more.

Why Vodafone?

Reliability and network strength

The reliable, award-winning network.¹

5G connectivity

Vodafone 5G gives you faster speeds, lower latency and a more reliable connection. 124 live 5G locations in the UK and 240 locations across Europe. That's more than any other network.²

Expert business partner

We already work with 550k unique business customers across the UK, providing over 3.8m connections to businesses of all sizes.

Mobile heritage

Mobility is in our DNA. We have 30 years' experience in delivering mobility services to more than half billion customers around the world.

¹The UK relies on Vodafone as a network provider as it: i) powers critical national infrastructure & 68% of blue light services, ii) has coverage in 99% of UK homes; and iii) covers 96% of the UK. Full details & awards: vodafone.co.uk/network

²Vodafone offers more destinations outside of UK compared to O2 and EE inclusive International Calling Minutes on Single User Business Plans. Source: Competitor websites, destination comparison correct as of 18.02.2021.
