

## Talk & Text

The following terms and conditions of the Vodafone Talk & Text tariff ("the Tariff") are in addition to and form part of the terms and conditions of the Vodafone mobile communications service. In the event of any conflict, these terms and conditions shall prevail.

**Customers who migrate to the Tariff from one of the Eirtime tariffs will not be permitted to migrate back to any of the Eirtime tariffs. Customers who migrate to the Tariff from a bill pay tariff may migrate back to a bill pay tariff.**

Customers who avail of the Tariff will receive the monthly number of minutes, text messages and Call a Friend for FREE minutes applicable to the Tariff option they choose as advised by Vodafone from time to time (please refer to Vodafone's tariff tables for details). Prices are quoted per minute but are charged on a per second basis. All prices are VAT inclusive.

Customers may use the monthly allocation of minutes to make calls to other Vodafone Ireland numbers, national fixed line numbers, other national mobile networks, WAP, e-trieve and Vodafone mobile ISP numbers.

The monthly allocation of minutes cannot be used to call certain numbers (including, but not limited to, international numbers, LoCall (1890) numbers, CallSave (1850) numbers, FreeFone (1800) numbers, directory enquiry services, easi-connect and premium rate numbers).

Under EU Roaming regulations you can use your monthly allocation of minutes while roaming in the EU in the same way you use the allowance domestically. For any other destination the monthly allocation of minutes cannot be used while roaming

The maximum number of minutes that can be carried forward each month is the number of minutes the Customer is entitled to receive each month under their Tariff option on their bill day (e.g. if the Customer is entitled to receive 30 minutes monthly under their Tariff option, the maximum number of minutes that can be carried forward each month is 30).

Customers may use the monthly allocation of text messages to send text messages to other Vodafone Ireland numbers and other Irish mobile numbers. Under EU Roaming regulations you can use your monthly allocation of text messages while roaming in the EU in the same way you use the allocation domestically. For any other destination the monthly text message allowance cannot be used while roaming

All Call a Friend for FREE minutes must be used in accordance with the terms and conditions of the Call a Friend for FREE service set out above.

All Calls made after the monthly allocation of minutes, text messages or Call a Friend for FREE minutes (as appropriate) has been used will be charged in accordance with Vodafone's normal published tariffs.

Vodafone reserves the right to withdraw the Tariff either generally or in respect of any particular Customer at any time and to vary or amend any element of the Tariff at any time without further notice. These terms and conditions may be varied or amended by Vodafone for any valid commercial, technical or operational reason.
