

Microsoft 365 with Vodafone Managed Services

Lower stress and grow your business

Let us take some of the stress and give you more time to grow your business.

As a small business, your focus should be growing your business and making it shine. You've got enough going on, without dealing with IT applications as well.

Microsoft 365 Business with **Vodafone Managed Services** is the hassle-free way to take full advantage of Microsoft's **great productivity** and **team working tools** that can help give your **business a boost** while Vodafone take care of the technical items

Key Features of Managed Services

Managed Services has a number of ways to benefit your business both with the onboarding and in-life set up.

- **Assessment:** We will assess your existing environment to see what you have and what you need to achieve a better 365 experience and highlight any risks and concerns and their implications.
- **Microsoft Licenses:** You will have a choice of the following Microsoft Business licences: Basic, Standard or Premium.
- **Setup Configuration:** Based on the results of the assessment, we will configure your M365 to ensure it is more secure and helps you achieve a better working experience.
- **Migration:** If required, we will migrate your data (email, OneDrive and SharePoint) from its existing source environment to your new M365 environment.
- **Support:** Rapid access to an expert helpdesk using a channel of your choice. Livechat (via portal), email service or call.
- **Insights and Advice:** We'll provide you access to knowledge sources & monthly insights on how you use the service.
